

NASCUS is committed to providing superior networking and learning opportunities for state and federal regulators, credit unions, industry partners, and stakeholders.

Strong educational offerings are key to maintaining collaboration in a safe and sound credit union system. NASCUS networking and professional development events include:

- Cannabis Banking Symposium
- National Regulators Meeting
- Cybersecurity Conference with CUNA
- BSA/AML Conference with CUNA
- Specialized Collaborative Events
- The Exchange: A 2-day roundtable between regulators and credit unions with \$10B+ in assets.
- The CURE: A 2-day roundtable between regulators and credit unions with \$4-9B in assets
- State-based Directors Colleges, Executive Forums, and Examiner Schools
- League Presidents Roundtable Meetings
- League Policy Professionals Committee (formerly SIPPs)
- Webinars (such as CECL, HR Workplace Guidance, and Loan Participations)
- Access to CU Campus 365: Online compliance training for credit unions
- Access to OnLine University: Online training for state agencies

### CU Campus 365

Since 1965, NASCUS has been dedicated to advancing the credit union system. As part of your NASCUS membership, credit unions receive complimentary access to our CU Campus 365 online compliance training program. We provide professional development and timely information on critical trends and issues impacting the financial services sector, including appraisals, cannabis banking, BSA/AML reform, cybersecurity, and more.

We understand the challenges of keeping your team current in this ever-changing compliance environment. As a result, NASCUS has partnered with BAI to create a 24/7 accessible program specifically for credit unions.

This virtual program offers more than 600 self-paced, customizable sessions with a variety of depth, from 5-minute micro-learning topics to 60-minute immersion courses designed for credit union staff. In addition to a complete compliance-based catalog, CU Campus 365 also offers a series of professional skills tracks, including communications, ethics, leadership and management, human resources, and more. On-boarding your team is easy, visit [nascus.org/education-conferences/cu-campus-365/](https://nascus.org/education-conferences/cu-campus-365/) to get started.

## National Regulator Meeting

**Save the Date: April 3-6, New Orleans, Louisiana**

The National Meeting brings state regulators together to openly collaborate on the emerging risks and challenges of supervision for the state credit union system. Over the course of 3.5 days, state regulators will

- Examine developments in Fintech and decentralized finance
- Exchange ideas with the NCUA on the current challenges and future of supervision
- Share strategies on addressing increased internal fraud,
- Learn about the nuances of LICUs, CDFIs, and MDIs, and much more

## Cannabis Banking Symposium

**Save the Date: June 27-28, Chicago IL**

With cannabis sales in the U.S. topping \$70B by 2030, the demand for banking services will continue to intensify. Credit unions need to understand the complicated policy questions related to the cannabis industry and every examiner needs to have a working understanding of the state licensed cannabis industry to understand a credit union's true risk profile in states where marijuana has been legalized. As such, NASCUS offers an event devoted to the cannabis landscape designed to provide financial institutions with the latest updates on the cannabis industry.

## NASCUS Annual Meeting:

**58th Annual State System Summit (S3)**

**Save the Date: August 25-29, Nashville, TN**

This event is designed to combine thought-provoking educational sessions and networking opportunities for attendees to renew and expand professional connections. The 2023 Summit will offer a deep dive into the evolution, challenges, and opportunities of digital assets in the marketplace, the continuing rise of fintech, the future of credit union powers, and balancing regulation.

## What Are Members Saying?

*"The interaction with state regulators and credit union representatives was fantastic and the NASCUS staff did an outstanding job with the venue."*

*"The speakers and topics were outstanding. I also liked that I had many opportunities to network with state regulators."*

*"The speakers and topics were timely and relevant, and it is always great to spend time with state regulators and focus on the dual charter system."*

*"The biggest take away is the "Networking with Regulators". Learning the challenges other states are experiencing is information I can share with my staff. I also enjoyed the breakout session with regulators, the discussion on retention and recruiting was interesting."*
