

100%

State-Charter Regulators¹

NASCUS is the only credit union organization to have all state-chartered regulators as members.

\$1.2T

in Assets

Total assets in the state-charter system, represented by NASCUS members.

ALL

Credit Union Industry Stakeholders

Members include state and federal credit unions, regulators, CUSOs, and leagues.

Our mission is to strengthen the dual charter system by promoting vibrant state-charter options, balanced regulation, and cooperative advancement across the entire credit union system.

Member Benefits

- **Thought Leadership:** Forward-looking insights and analysis that shape the future of credit unions.
- **Peer Network:** Trusted community connecting state regulators and credit union leaders.
- **Committees & Roundtables:** AML Roundtable, Legislative & Regulatory Affairs, Attorney Roundtables, Credit Union Designations Committee and more.
- **Federal Agency Engagement:** Rule summaries, comment letters, and coordinated advocacy for dual-charter framework.
- **Professional Development:** Signature conferences, webinars, committees, and industry colleges.
- **Data Analysis & Research:** Quarterly reports and state-based charter benefit guides.

Open Access

Comment letters, NASCUS Report, data and analysis reports, plus professional development & networking events are available to all—no membership required to participate.

Anyone Can Join

NASCUS is a one-of-a-kind, inclusive marketplace of ideas—bringing together partners from across the credit union ecosystem. By fostering collaboration and diverse dialogue, we help shape policy, strengthen supervision, and advance innovation to support a safe, growth-oriented credit union environment. *We invite you to Join the Conversation.*

2026 NASCUS Priorities

- **Strengthen State Charters:** Advance and modernize state credit union charters for competitiveness and sustainability.
- **Elevate Policy Engagement:** Ensure the state system is actively represented in public policy discussions.
- **Reinforce Effective Supervision:** Promote a supervisory framework that balances safety with growth and innovation.
- **Industry Collaboration:** Creating forums like Exchange and CURE bringing regulators and credit unions together.
- **Foster an Inclusive System:** Engage all members and stakeholders as the credit union system evolves.
